Kp. Sawah Rt 006/011 No 180 Kel. Semper Timur Kec. Cilincing Jakarta Utara

I am a software engineer from Nurul Fikri Integrated Technology College, Informatics Engineering Study Program 2018. I like the IT field by becoming a web developer or application base, like to discuss, like to challenge with new things, currently I work in a software house as a software engineer and currently placed in BAPENDA (Regional Revenue Agency) DKI Jakarta, armed with organizational experience, I am an adaptable person, sociable. Have a good leadership spirit and I am a person who can work together and maintain effective communication.
